

Ordinances Dealing with Lighting

Section 1362.11 Lighting.

- a. All lighting shall be low intensity and shielded so there is no illumination of adjoining residential properties. All lighting shall be erected and maintained so that light is confined to the property and will not cast direct light or glare upon adjacent properties or public rights of ways. Bare, un-shaded bulbs are prohibited.
- b. Building, parking, and all other exterior lighting shall be shielded and directed in a manner that lighting does not reflect or cause glare onto adjacent properties or adversely interfere with street traffic.
- c. Lighting is required for all off-street parking areas, off-street loading areas, and for driveways providing ingress and egress for nonresidential and multi-family developments.
- d. Feature lighting, such as up lighting of trees or other plant material or seasonal lighting, shall be so arranged to reflect away from any residential structure. Such lighting shall not create a glare on adjacent streets or properties.
- e. For all uses, except dwellings, exterior wall-mounted floodlights shall be prohibited except for security lighting.

Section 1362.21 Temporary Uses.

- a. Only the following uses are permitted temporarily, for up to four consecutive weeks in one calendar year:
 3. Mobile amusements and lighting equipment for promotion, advertisement, and grand openings in commercial and industrial districts.
- b. A permit is required to be completed, returned to the Zoning Officer, and approved before any temporary use may commence, in addition to any other requirements of the Code of the City of Moundsville, including but not limited to obtaining a business license.
